Learner Acquisition Campaigns for EdTech

High-intent learner acquisition for job-linked & career-focused programs. Acquire qualified candidates from Hireclap's 3M+ active entry-level audience using targeted Email, SMS, RCS, and conversion-focused follow-ups.

TRUSTED BY 5,000+ COMPANIES   12,000+ COLLEGES REACH

Why EdTech Lead Acquisition Is Getting Harder

Marketing spend increases, but enrollments don't scale proportionally.

High Cost, Low Conversion

Paid Channels Saturation

Poor Program Fit

Low-Intent Leads

Why Hireclap Works for EdTech

You reach learners already in career decision mode, not casual browsers.

3M+ Active Users

Job-seeking freshers focused on placements and outcomes
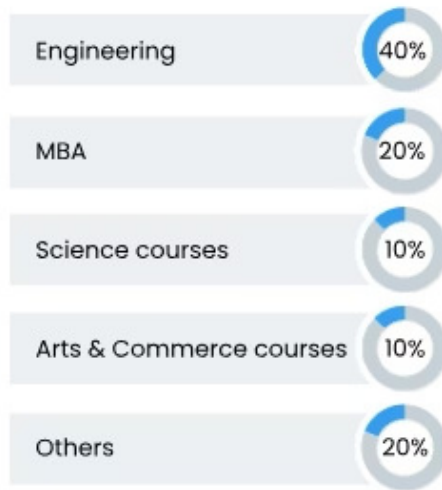

Profile Targeting

Not generic databases—precision matching by course, college, location, year of pass out

Pan-India Reach

Strong presence across Tier-1, Tier-2, and Tier-3 cities

Hireclap Demographics

Engineering	40%
MBA	20%

MANIPAL
ACADEMY *of* HIGHER EDUCATION
INSPIRED BY LIFE
(Institution of Eminence Deemed to be University)

Drove enrollment and candidate acquisition for a large-scale, job-linked program

upGrad

Improved high-intent learner engagement for multiple career-focused upskilling programs.

NIIT

Helped accelerate learner acquisition for professional programs through targeted fresher outreach.

Clients value Hireclap's relevant fresher audience and program-wise filtering for better-fit leads

Target Your Ideal Learner Profile

Precision Segmentation

Hireclap enables you to reach exactly the learners who match your program requirements. Our platform offers granular targeting capabilities that go far beyond basic demographics.

Filter by academic background, geographic location, career stage, and graduation timeline to ensure every rupee spent reaches a qualified prospect. This precision reduces wasted outreach and improves counselor conversion rates.

Course & Degree
Target by specific qualifications

College Tier
Focus on institution type

Location
City and tier-based targeting

Pass-out Year
Reach by graduation timeline

Multi-Channel Engagement Strategy

Reach learners where they're most responsive with coordinated Email, SMS, and RCS campaigns.

Email

Detailed program information and career benefits

SMS

Time-sensitive reminders and application deadlines

RCS

Rich media experiences with interactive elements

Smart Retargeting

Re-engage users who showed initial interest but haven't converted. Our optional retargeting layer focuses only on engaged prospects, ensuring you're not wasting resources on cold audiences.

Engagement Optimization

We continuously monitor response patterns and adjust timing, messaging, and channel mix to maximize learner engagement and conversion throughout the campaign lifecycle.

Email Campaign

Campaign Targeting

Reach 3M+ active job seekers with precision filters: location, course, college, graduation year, and career intent.

Technology & Delivery

In-house platform 'Notify' ensures high inbox delivery rates and better open/click performance.

Campaign Reporting

Detailed reports with send, open, and click rates for each campaign.

Best for

Promoting program overview, eligibility details, brochure sharing, and long-form course communication.

SMS Campaign

Campaign Targeting

Reach relevant students and freshers via direct mobile outreach using segmentation
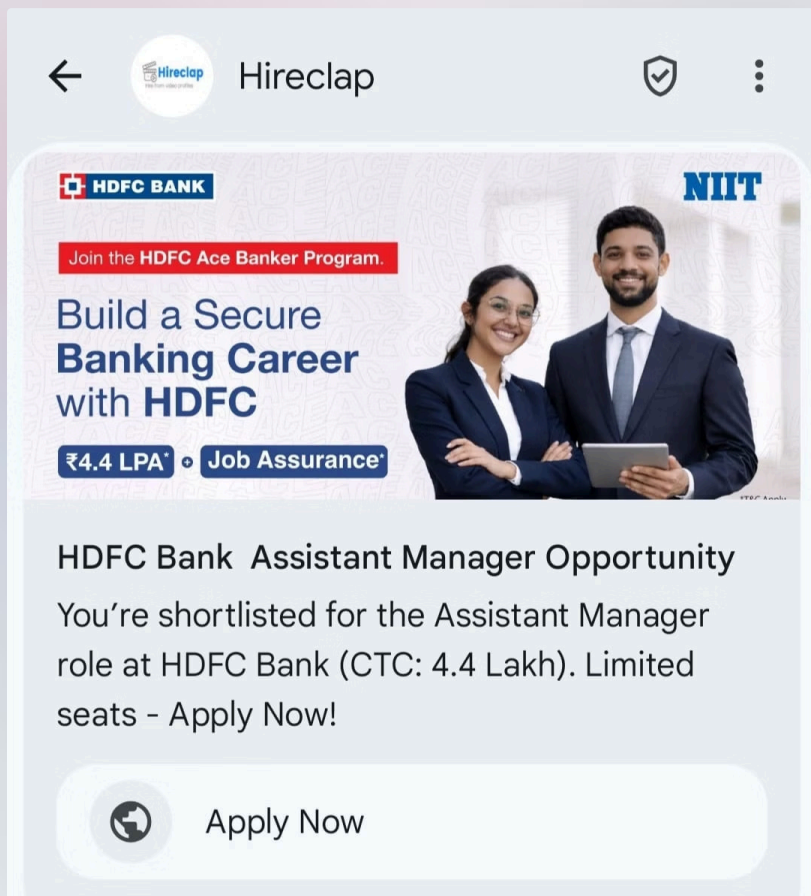

DLT Compliance

DLT-approved sender IDs and templates used. Performance may vary by programs.

Delivery & Performance

High delivery rates with time-sensitive messaging. Ideal for reminders, deadlines, and urgent updates.

Dedicated Support

Dedicated account manager & marketing team for campaign execution.

RCS Campaign

What is RCS

RCS (Rich Communication Service) combines the broad reach of SMS with rich media. Universal messaging platform with interactive elements and branding capabilities.

Key Benefits

Reduced time to market, optimal control with pre-approved templates, rich media and multi-lingual support, high reliability and scalability.

Rich Media Features

Supports emojis, videos, carousels, text, images, quick replies, suggested actions, location, and documents for engaging customer experiences.

Dedicated Support

Dedicated account manager & marketing team for campaign execution and optimization.
